GovTech

A technologically advanced nation, with empowered citizens, and a thriving digital economy

GovTech/DoTS/40(5)/2026-2027/ 205

July 24, 2026

TO WHOM IT MAY CONCERN

This is to certify that Sonam Tobdhen (CID No. 10806002215), from the **Constructor University, Germany**, has undergone an internship at the Division of Telecom and Space (DoTS), Government Technology Agency for 45 days **w.e.f. 8th June to 24th July 2026**.

During his internship, he was assigned to and completed the following tasks and activities:

- Designed and revised the ESP32-based clean room monitoring system schematic using Fusion 360 Electronics (CAD).
- Implement hardware improvements for ESP32 programming, reset, and automatic bootloader functionality.
- Verified and improved power supply architecture, including battery charging, DC input, buck, and boost converter circuits.
- Reviewed and optimized the USB communication and power management circuitry based on technical datasheets and reference designs.
- Refined PCB layout, routing, and component placement to improve manufacturability.
- Debugged, optimized, and finalized the embedded firmware, including sensor integration and remote monitoring functionality.

During his internship at the Division, he was found to be sincere, punctual, organized, and efficient. The agency is optimistic that he will succeed in her future endeavors and wishes him well.

(Kiran Kumar Pradhan)

Chief, DoTS

(Jigme Tenzing)

Secretary

CERTIFICATE OF INTERNSHIP

This is to certify that

SONAM TOBDEN

Bearing CID No. 10806002215, has successfully completed an internship at NoMind from July 15, 2026 to August 14, 2026.

During the internship, Sonam demonstrated excellent proficiency and dedication in his role as a Machine Learning & Computer Vision Intern.

Sonam exhibited strong skills in machine learning, computer vision, problem-solving, and teamwork, making a valuable contribution to our technical team. We highly appreciate his hard work, commitment, and eagerness to learn, and wish him continued success in his future endeavors.
